

United States "Balanced" Tires

One of the Five is Yours

No one tire will fit every motoring need of use and price.

That is why the United States Tire Company makes five tires—

'Nobby,' 'Chain,' 'Usco,' 'Royal Cord,' and 'Plain.'

Each will give from a little to a whole lot more mileage than other tires in its class.

Motorists buy, and re-buy, United States 'Balanced' Tires, because of—what?

Service—satisfactory service—mileage—value—least amount of trouble.

That's the reason that United States 'Balanced' Tires show such steady, consistent sales increases.

Ask the nearest United States Tire Dealer for your copy of the booklet, "Judging Tires," which tells how to find the particular tire to suit your needs.
